## The NC Chapter of the SunnyTravelers

### North Carolina RV Shows

January 2003

Volume IV Issue 1

One of the reasons I actually look forward to January is the chance to attend the RV Shows. The Greensboro show will be January 10-12 at the Special Events Center. Again this year we would like to have Tarheel Travelers stop by Camptown's area and talk to potential buyers about their Sunnybrook's and the Tarheel Travelers RV Club. I have

included a floor plan for each of the RV events planned for our area. The Charlotte show will be Jan 31-Feb 2. Camptown's site will be in the Merchandise Mart. This is the same location as last year. The last RV Show for the season will be in Raleigh Feb 14-16. This is Camptown's largest floor space and is located in the Jim Graham Building. stop by Camptown's space and say hello to Dave and Ailene. This is the best time to look at all the different models out there. I will be at the Greens-

# Myrtle Beach Campout

The last campout of 2002 was a great hit in Myrtle Beach. Ocean Lakes Campground was

the setting for this event. The weather again was perfect for

this October campout. With the

best turnout of the year, twelve couples enjoyed good food, great weather and warm fellow-

boro show both Friday and Saturday. Maybe we can get a group together for dinner Saturday evening. The Charlotte floor plan can be found at the RV web site [www.applerock.com](http://www.applerock.com). Teresa and I are looking forward to seeing fellow Tarheel Travelers at one of the shows.

ship. Dan Brush was kind enough to donate a home made cutting board which the club raffled off. Proud winner Nell Bern is pictured. The couples making this weekend event were the Hoogerland's, Miles', Moren's, Glasgow's, Helm's, Kelsey's, Page's, Sutton's, Slaughter's, Bern's, Rich's and the Branson's. Also want to include guests Fran & Janice Hall, Marie Hall's sister. A

number of exciting events happened that weekend. Buddy Rich was elected Vice President. Mike and Evon Glasgow became our first honorary

members when they made the decision to move up to a American Eagle motor coach. As many of you know, this set up a chain of events that ultimately allowed Teresa and I to buy Mike's 33 RKFS 5th wheel. It was an exciting weekend to say the least! They say timing is everything. Since we purchased Mike and Evon's 5th wheel, I was faced with trying to sell my 30FKS. I mentioned this to one of my camping mechanic friends at work and voile...two days later my camper had found a new home. The following Saturday my friend sold his old camper at a neighborhood yard sale. Here is where I made a miscalculation. I started looking at new trucks and thought I would get a feel for the market if I tried to sell my 98 Dodge. A small ad was placed in our hometown paper...yep, the first telephone caller bought my truck. A new 5th wheel and no truck, what's wrong with this picture. Oh well, if all goes well later this month a new Dodge Cummins HO Quad Cab should make its appearance. We are looking forward to the 2003 camping season and will be working hard to find new campgrounds and events for our campouts. Remember, if you have a suggestion for a campout please pass that information along to us.
